- Ratchet guarantees precise crimping
- Release option in the event of incorrect operation

General ordering data

Version	Pressing tool, Crimping tool for contacts, Hexagonal crimp
Order No.	9006380000
Type	CTX 502
GTIN (EAN)	4008190123512
Qty.	1 pc(s).
Replacement parts	1121010000

Technical data

Dimensions and weights

Width	250 mm	Width (inches)	9.842 inch
Net weight	654.08 g		

Technical data

Description of article	Crimping tool for coaxial connectors BNC, TNC and N / AF 9.3	Version	Mechanical, without interchangeable inserts
------------------------	--	---------	---

Description of contact

Type of contact	Coaxial connector
-----------------	-------------------

tool data crimping

Crimping station, width (B 1)	12 mm	Crimping station, width (B 2)	2.3 mm
Crimping type/profile	Hexagonal crimp	Diameter of outer sleeve	10.7 mm
Hexagon AF (A)	9.3 mm	Hexagon spanner width (A 2)	1.75 mm
Internal contact diameter (D)	2 mm

After stripping the insulation, a suitable contact or wire end ferrule can be crimped onto the end of the cable. Crimping forms a secure connection between conductor and contact and has largely replaced soldering. Crimping denotes the creation of a homogeneous, permanent connection between conductor and connecting element. The connection can be made only with high-quality precision tools. The result is a secure and reliable connection both in mechanical and electrical terms. Weidmüller offers a wide range of mechanical crimping tools. Integral ratchets with release mechanisms guarantee optimum crimping. Crimped connections made with Weidmüller tools comply with international standards and regulations.
